

Expert, In-House Design and Engineering to Bring Your Vision to Life

From OEM component parts to aftermarket accessories, our in-house design and engineering experts tackle your fabrication challenges with speed, style and cost-effectiveness.

PRECISION ENGINEERING FOR AN EFFICIENT PROCESS

- Three decades of experience in multiple industries and markets
- Expertise in a broad spectrum of products and working with a wide variety of materials
- Flexibility to work with designs you provide or start from scratch
- Specializing in 3-D modeling and rendering to quicken development and minimize costs

ADVANCED DESIGN TOOLS ENSURING ACCURATE RESULTS

- Fully equipped shop with Mastercam, SolidWorks and AutoCAD
- Trained and certified CAD/CAM programmers
- Compatibility to “talk” with your staff and readily exchange design files

EXPERT PROTOTYPING TO GET A JUMP ON MANUFACTURING

- Dedicated, standalone prototyping department
- In-house forming of molds and tools
- Quicker turnaround and greater control over costs and accuracy
- Assurance that your prototype is production-ready

Aubright delivers exceptional results in custom components, products and display fixtures for industries nationwide.
